3.9 Statistics of building and housing construction

In January-May 2026, the volume of construction work increased by 13,4% and amounted to 2410 billion tenge.

The largest amount of work in January-May 2026 was performed on the construction of facilities (1352,2 billion tenge), non-residential buildings (695 billion tenge) and residential buildings (362,8 billion tenge).

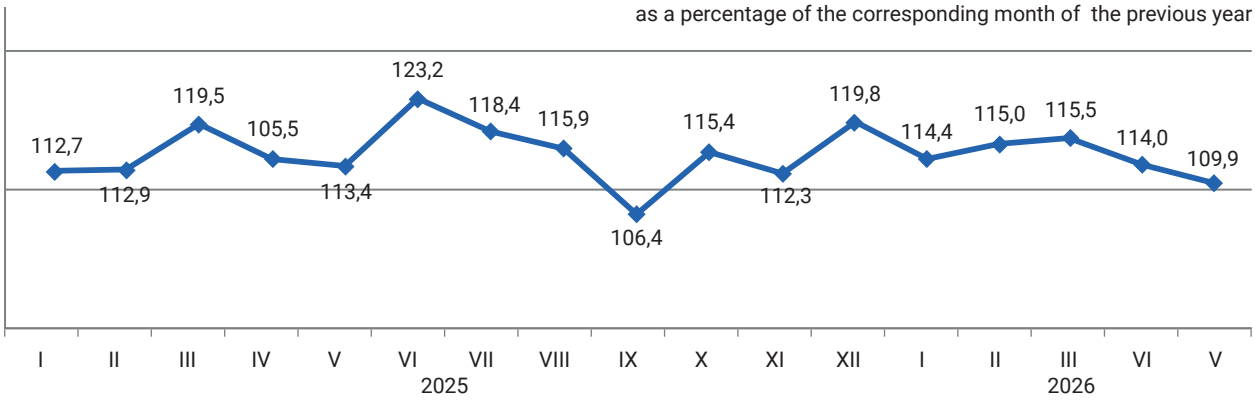

The volume of construction and installation work in January-May 2026 compared to January-May 2025 increased by 11,6% and amounted to 2045,2 billion tenge. The volume of construction work on major repairs increased by 9,9% and on current repairs by 41,2%.

In January-May 2026, the construction of 12189 new buildings was completed, of which 11075 are residential and 1114 are non-residential.

The following social and cultural facilities were put into operation:

- secondary school – 23;
- preschool organizations – 22;
- ambulatory polyclinic organizations – 3.
