Spreadsheets:

[Expenses and incomes of the population of the Republic of Kazakhstan](#)

Dynamic tables:

1. 2001 -2024 cash expenditures of households by Region (per capita. average per month. tenge)

2. The structure of monetary expenditures of surveyed households by quarter (as a percentage) for 2015-2025.
3. The structure of monetary incomes of surveyed households by quarter (as a percentage) for 2015-2025.
4. Household incomes used for consumption by quarters for 2015-2025.

3. Glossary

Monetary expenses include consumer expenses, financial assistance to relatives and friends, alimony, taxes, payments and other payments, repayment of loans and debt.

Consumer spending is a part of household monetary expenditures aimed at purchasing consumer goods and services. Consumer spending includes spending on the purchase of food products, non-food products and paid services.

Cash income includes income from employment, social transfers and other cash receipts.

The income of the population used for consumption includes consumer expenditures (without investments in production activities and accumulation) and the cost (in monetary terms) of in-kind products of own production and transfers consumed.

4. Methodological explanations

Data on the survey of population budgets by standard of living are formed on a quarterly and annual basis, based on a survey of 12.000 households, in accordance with the Methodology for Organizing and conducting a sample survey of households by standard of Living, approved by Order No. 31 of the Chairman of the Statistics Committee of the Ministry of National Economy of the Republic of Kazakhstan dated July 2, (2020, registered with the Ministry Justice of the Republic of Kazakhstan No. 20922), July 3, 2020, with Methodology for constructing a sample of households for a survey of living standards, approved by Order of the Head of the Bureau of National Statistics of the Agency for Strategic Planning and Reforms of the Republic of Kazakhstan dated December 20, 2023 No. 237
