## 2. Social indicators

### 2.1 Population size and migration

The population of the country as of January 1, 2026 amounted to 20495,9 thousand people, including 13029,8 thousand (63,6%) urban residents and 7466,1 thousand (36,4%) rural residents.

In January-December 2025, compared to January- December 2024, the number of arrivals to Kazakhstan decreased by 20,7%, while the number of departures from the country decreased by 40,5%.

The main migration exchange of the country occurs with the CIS member states, with the share of arrivals from and departures to these countries amounting to 81,8% and 71,8%, respectively.

The number of internal migrants increased by 13,6%. A positive net migration balance due to interregional movements was recorded in three regions of the country: the cities of Astana (87459 people), Almaty (33126 people), Shymkent (15130 people) and Almaty region (12110 people).

#### Changes in the rate of population growth

at the end of the period, as a percentages

	People		Per 1000 people	
	December 2025	December 2024	December 2025	December 2024

### 3.5 Statistics of domestic trade

The volume of retail trade in January 2026 amounted to 1487,4 billion tenge, which is 2,1% more than the corresponding period in 2025. Retail sales of goods by trading enterprises increased by 3,9%, individual entrepreneurs, including those trading in the markets, decreased by 4,5% compared to January 2025.

As of February 1, 2026, the volume of commodity stocks of trading enterprises (for reporting enterprises) in retail trade amounted to 1630,1 billion tenge, in trading days - 70 days.

The share of food products in the total volume of retail trade is 28,9%, non-food products – 71,1%. The volume of sales of food products compared to January 2025 increased by 4,4%, non-food products increased by 1,3%.

The volume of wholesale trade in January 2026 amounted to 3048,5 billion tenge, which is 3,2% more than the corresponding period in 2025. Non-food products and industrial and technical products (79,5%) prevail in the structure of wholesale trade.

### 3.9 Statistics of building and housing construction

In January 2026, the volume of construction work increased by 14,4% and amounted to 172 billion tenge.

The largest amount of work in January 2026 was performed on the construction of facilities (102,2 billion tenge), non-residential buildings (45,6 billion tenge) and residential buildings (24,2 billion tenge).

The volume of construction and installation work in January 2026 compared to January 2025 increased by 7,5% and amounted to 150,6 billion tenge. The volume of construction work on major repairs increased by 77,4% and on current repairs by 2,5 once.

In January 2026, the construction of 2165 new buildings was completed, of which 2011 are residential and 154 are non-residential.

The following social and cultural facilities were put into operation:

- secondary school – 3;
- preschool organizations – 2.
