1 . Social indicators

Population size and migration

The population of the country as of May 1, 2023 amounted to 19 854,1 thousand people, including urban – 12 276,4 thousand (61.8%), rural – 7 577,7 thousand (38.2%) people.

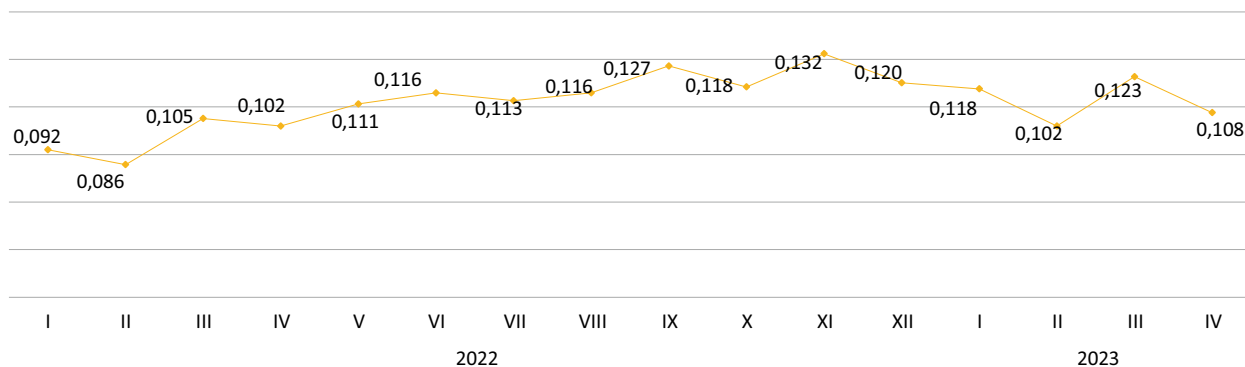

In January-April 2023, compared to January-April 2022, the number of arrivals in Kazakhstan increased by 90.1%, the number of departures from Kazakhstan decreased by 47.5%.

The main migration exchange of the country takes place with the CIS countries. The share of arrivals from the CIS countries and departures to these countries amounted to 89.7% and 70.6%, respectively.

The number of migrants moving within the country decreased by 10.6%. In terms of interregional movements, a positive balance of population migration has developed in 3 regions of the country: the cities of Almaty (8 990 people), Astana (8 685 people) and Shymkent (472 people).

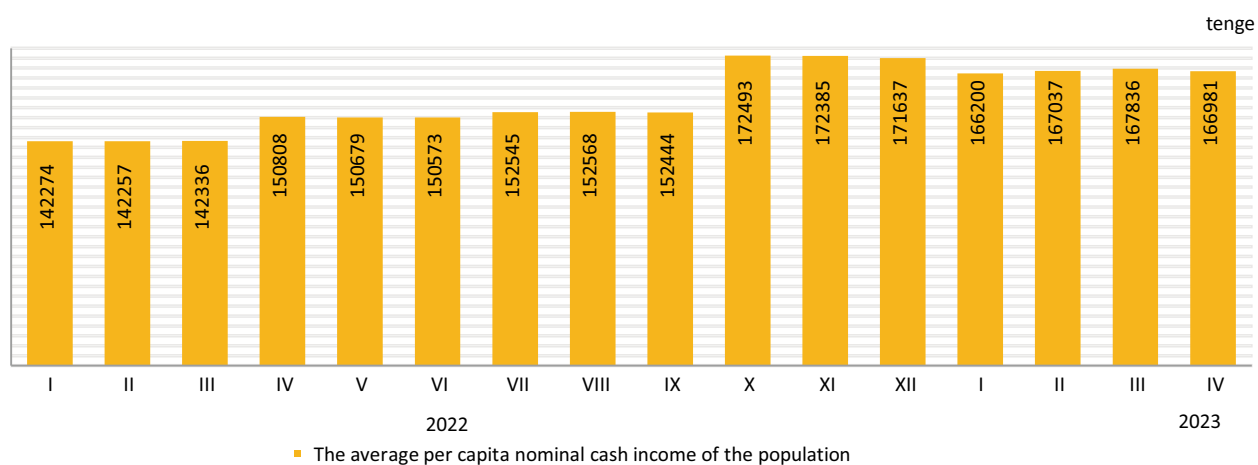

Changes in the rate of population growth

at the end of the period, as a percentage

Income of the population

The average per capita nominal cash income of the population, according to an estimate in April 2023, amounted to 166981 tenge (preliminary data), which is 10.7% higher than in April 2022, real cash income for the specified period decreased by 5.2%.

as a percentage of the corresponding period of the previous year

	April 2023	January-April 2023
Index of nominal money income	110.7	115.6
Index of real money income	94.8	97.0

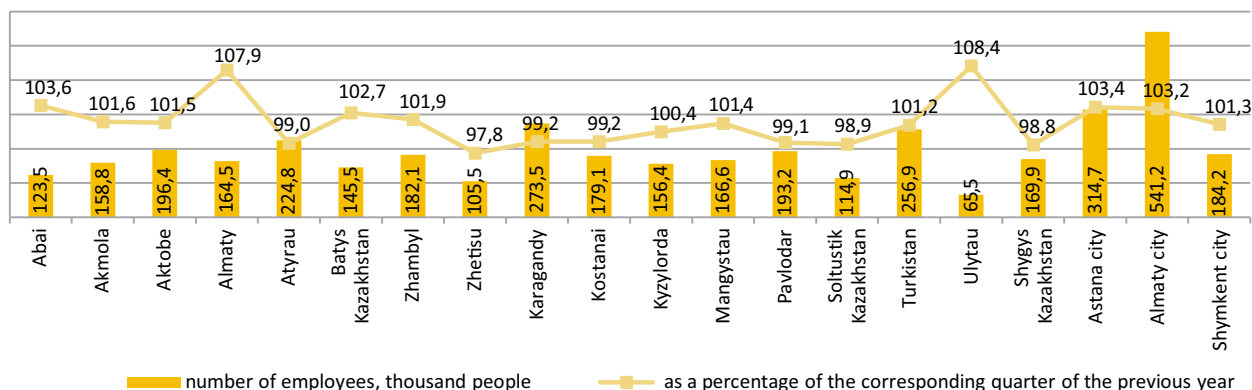

Employment of the population

The number of employees at enterprises (organizations) in the I quarter of 2023 amounted to 3917.3 thousand people, of which at large and medium-sized enterprises - 2877.0 thousand people.

In the I quarter of 2023, 256.4 thousand people were hired by enterprises. 253.9 thousand people dropped out for various reasons. Worked by one employee 449.6 hours.

At the end of the I quarter of 2023, 52.3 thousand vacancies were not filled at enterprises (1.3% of the number of employees)

The number of employees at enterprises and organizations for the I quarter of 2023

The number of unemployed, determined according to the methodology of the ILO, in the I quarter¹⁾ of 2023 amounted to 453.4 thousand people, the unemployment rate was 4.8%.

The employed population²⁾ amounted to 9031.9 thousand people, including employees - 6900.4 thousand people, individual entrepreneurs - 1662.8 thousand people, persons engaged in private practice - 17.4 thousand people, individuals, who are founders (participants) of business partnerships and founders, shareholders (participants) of joint-stock companies, as well as members of production cooperatives - 13.5 thousand people, independent workers - 437.8 thousand people

borrowed funds of non-residents	109 975	2.2

Statistics of domestic trade

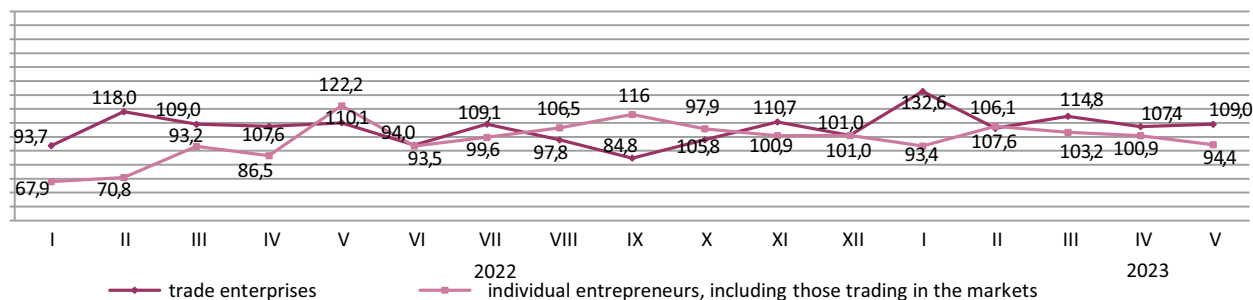

The volume of retail trade in January-May 2023 amounted to 6107.4 billion tenge, which is 9.3% more than the corresponding period in 2022. Retail sales of goods by trading enterprises increased by 12.8%, individual entrepreneurs, including those trading in the markets, increased by 0.1% compared to January-May 2022

As of June 1, 2023, the volume of commodity stocks of trading enterprises (for reporting enterprises) in retail trade amounted to 1551.4 billion tenge, in trading days - 73 days.

The share of food products in the total volume of retail trade is 28.2%, non-food products - 71.8%. The volume of sales of food products compared to January-May 2022 decreased by 6.4%, non-food products increased by 17.3%.

The volume of wholesale trade in January-May 2023 amounted to 14331.4 billion tenge, or 10.5% more than the corresponding period in 2022. Non-food products and industrial and technical products (82.7%) prevail in the structure of wholesale trade.

as a percentage of the corresponding month of the previous year

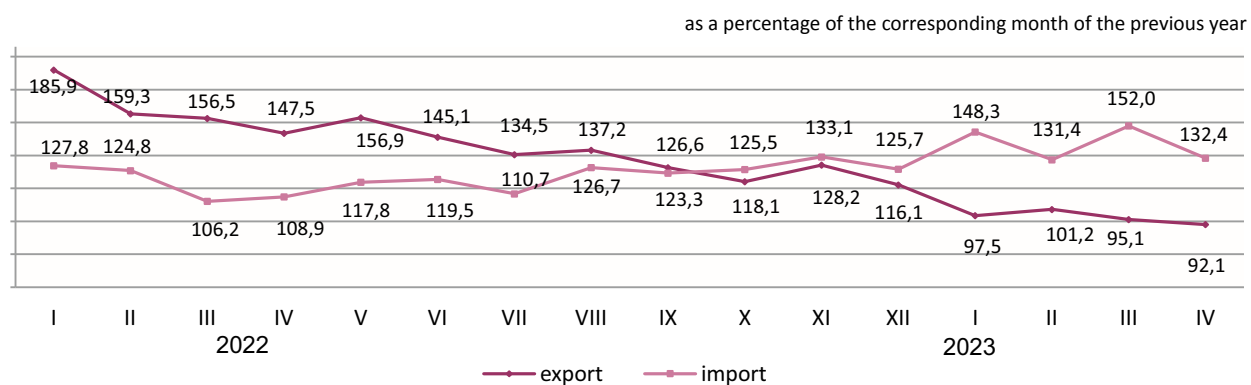

Statistics of foreign and mutual trade

According to SRCMF and BNS

Foreign trade turnover in January-April 2023 amounted to 44.4 billion US dollars (increased by 11.1% in nominal terms compared to January-April 2022), including exports – 25.5 billion US dollars (3.8% less) and imports – 18.9 billion US dollars (increased by 40.5%).

Exports with the EAEU countries amounted to 3536.1 million US dollars, or 47% more than in January-April 2022, imports – 5463.4 million US dollars, decreased by 3% compared to the corresponding period last year.

Statistics of agriculture, forestry, hunting and fisheries

Gross output of products (services) of agriculture, forestry and fisheries in January-May 2023 amounted to 1537.9 Billion tenge, including gross crop production-62.2 Billion tenge, Livestock-1458.9 Billion tenge, services in agriculture-0.2 Billion tenge, the volume of products (services) in the hunting sector-0.6 Billion tenge, in forestry-8 Billion tenge, in fisheries and aquaculture-8 Billion tenge.

Statistics of building and housing construction

In January-May 2023, the volume of construction work (services) amounted to 1489.7 billion tenge (112.1%).

The largest amount of work in January-May 2023 was performed on the construction of non-residential buildings (636.9 billion tenge), facilities (621.3 billion tenge), and residential buildings (231.5 billion tenge).

The volume of construction and installation work in January-May 2023 compared to January-May 2022 increased by 13.4 and amounted to 1312.9 billion tenge. The volume of construction work on capital repairs increased by 18.2% compared to the corresponding period last year, while on current repairs it decreased by 10.3%.

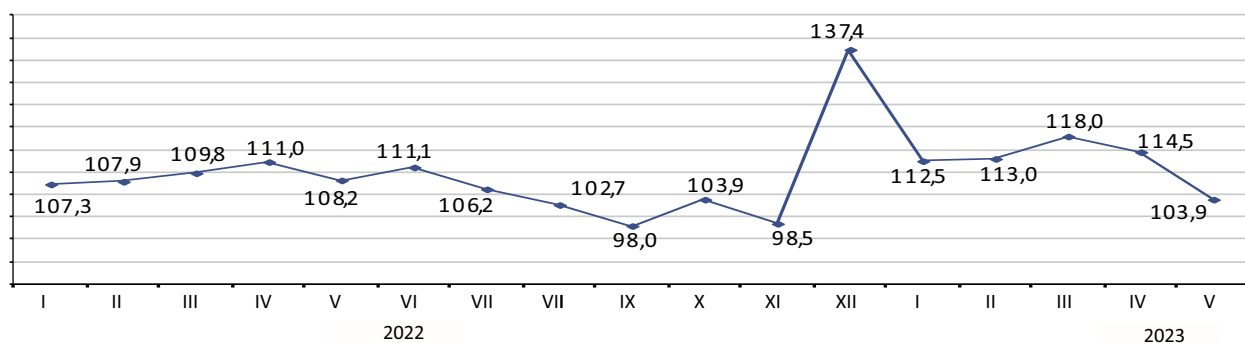

In January-May 2023, the construction of 13722 new buildings was completed, of which 12930 are residential and 792 are non-residential.

The following social and cultural facilities were put into operation:

- secondary school - 11;
- preschool organizations - 13;
- hospital - 1;
- outpatient organizations - 3.

Indices of physical volume of construction

as a percentage of the corresponding month of the previous year

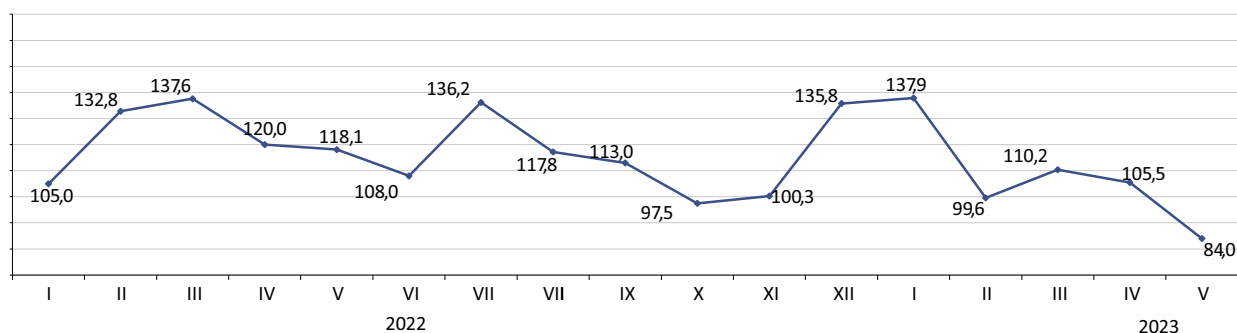

In January- May 2023, 978.3 billion tenge was allocated for housing construction. In the total volume of investments in fixed capital, the share of disbursed funds in housing construction amounted to 19.3%.

The main source of financing for housing construction in January- May 2023 is the own funds of developers, the share of which is 89%.

Indices of physical volume of investments in housing construction

as a percentage of the corresponding month of the previous year

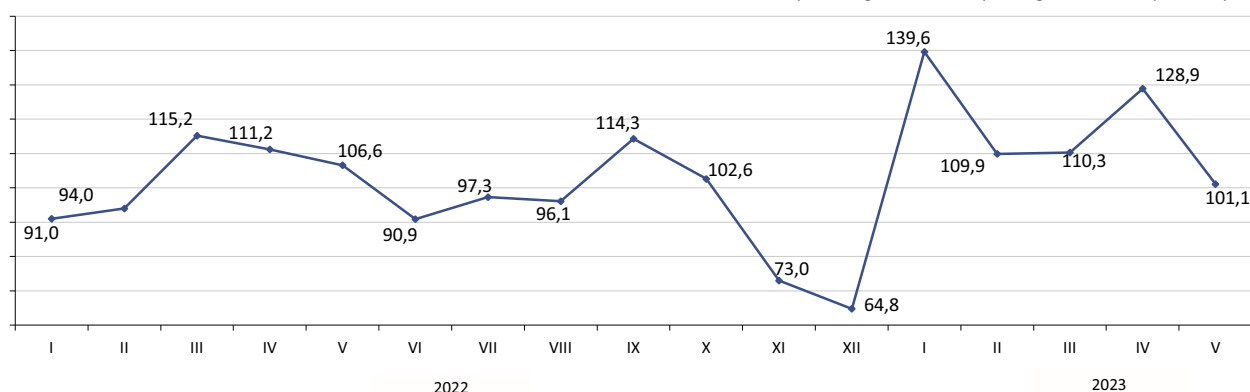

In January- May 2023, the total area of housing put into operation increased by 15.4% and amounted to 5470.3 thousand square meters, of which in multi-apartment buildings - by 27.7% (3098.1 thousand square meters). At the same time, the total area of individual houses put into operation decreased by 2.5% (2335.5 thousand sq.m.)

In the total volume of commissioned housing, the share of multi-apartment buildings was 56.6%, individual - 42.7%. The average actual cost of construction of 1 square meter of total housing area increased by 23.2%.

Indices of the physical volume of commissioned residential buildings

as a percentage of the corresponding month of the previous year

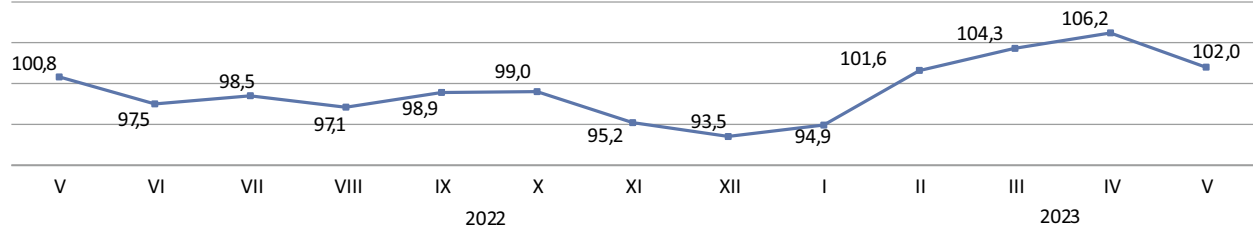

Statistics of transport

Cargo turnover

Cargo turnover for January-May 2023 decreased by 2% from the level of the corresponding period of the previous year. In January-May 2023, compared to January-May 2022, there is a increase in the turnover of railway transport (by 6%) and air transport (by 17.6%).

as a percentage of the corresponding month of the previous year
