1. General review

The geographical characteristics of Kazakhstan

Kazakhstan is located on the joint of two continents – Europe and Asia. The territory of the Republic of Kazakhstan occupies 2724.9 thousand km², and reaches from the lower river Volga in the west – to the mountains Altai in the east and from the mountains Zailiysky Alatau of the Northern Tien-Shan in the south – to the Western-Siberian lowland in the north.

In the area of lands the republic takes the ninth place in the world, ceding only to Russia, China, the USA, Argentina, Brazil, Canada, India and Australia; the second place on the territory among CIS countries. The extent state frontier of the republic – 13394 km, including: with the Russian Federation – 7591 km, the Republic of Uzbekistan – 2354 km, the Republic of Kirgizstan – 1241 km, the Chinese – 1782 km, Turkmenistan – 426 km.

Administrative-territorial division

Nowadays the system of the administrative-territorial structure of the republic includes 17 regions, 3 cities of republican importance, 188 administrative areas, 89 cities, 27 settlements and 6295 rural settlements.

Population size for the beginning of 2023 (according to the current data) – 19766.8 thousand person.

Population density – 7.3 per 1 km².

Capital of the Republic of Kazakhstan is Astana with population size for the beginning of 2023 – 1354.6 thousand person.

The largest city is Almaty with population size for the beginning of 2023 – 2161.9 thousand person.

The largest region by area is Aktobe (300.6 thousand sq.m).

The most densely populated region is the Turkistan (18.3 person per 1 km²).

Administrative-territorial division
