1 . Social indicators

Population size and migration

The population of the country as of August 1, 2023 amounted to 19921.4 thousand people, including urban – 12342.3 thousand (62.0%), rural – 7579.1 thousand (38.0%) people.

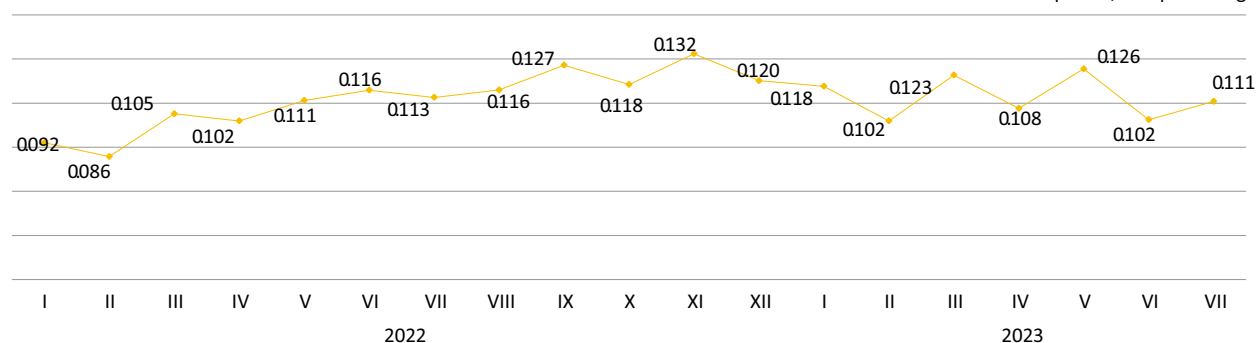

In January-July 2023, compared to January-July 2022, the number of arrivals in Kazakhstan increased by 83.5%, the number of departures from Kazakhstan decreased by 41.2%.

The main migration exchange of the country takes place with the CIS countries. The share of arrivals from the CIS countries and departures to these countries amounted to 88.6% and 77.5%, respectively.

The number of migrants moving within the country increased by 16.4%. In terms of interregional movements, a positive net migration of population has developed in 3 regions of the country: the cities of Astana (21756 people), Almaty (19788 people) and Shymkent (1255 people).

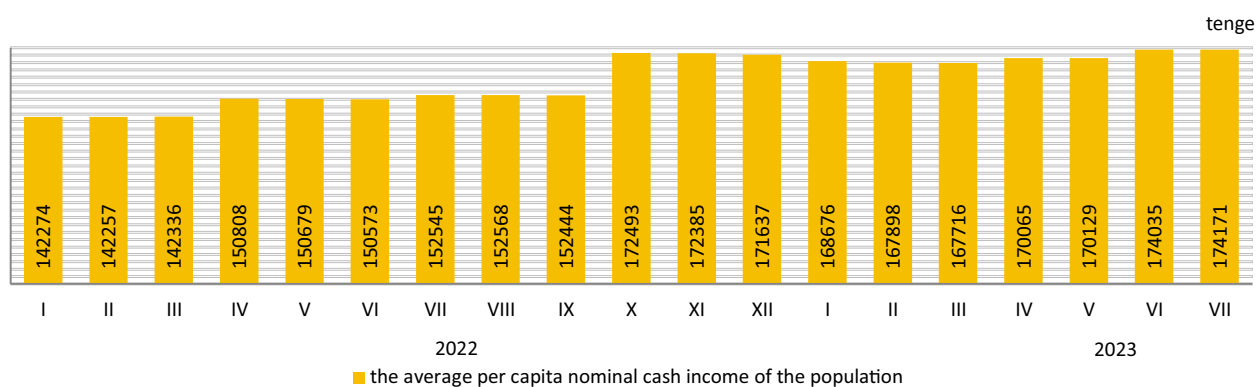

Changes in the rate of population growth

at the end of the period, as a percentage

Income of the population

The average per capita nominal cash income of the population, according to an estimate in July 2023, amounted to 174171 tenge (preliminary data), which is 14.2% higher than in July 2022, real cash income for the specified period increased by 0.2%.

as a percentage of the corresponding period of the previous year

	July 2023	January – July 2023
Index of nominal money income	114.2	115.6
Index of real money income	100.2	98.6

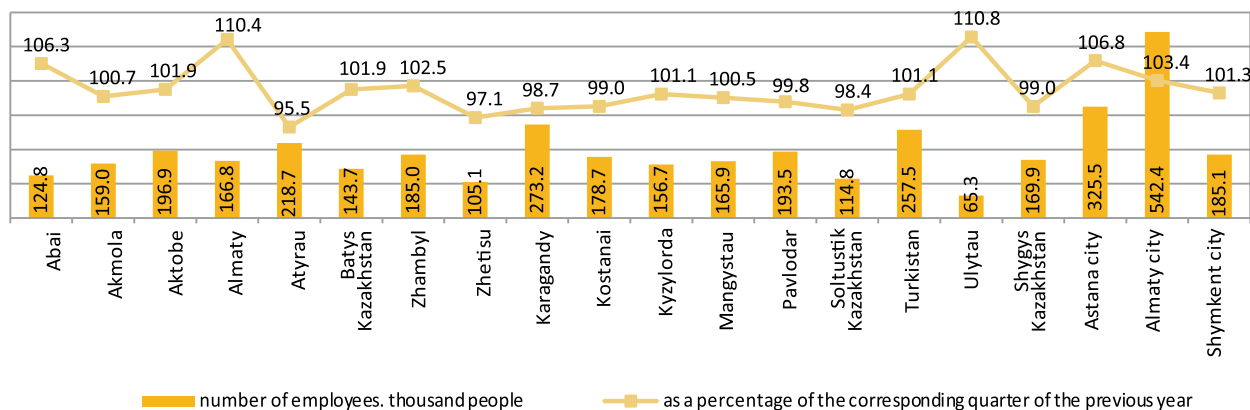

Employment of the population

The number of employees at enterprises (organizations) in the II quarter of 2023 amounted to 3928.5 thousand people, of which at large and medium-sized enterprises - 2879.7 thousand people.

In the II quarter of 2023, 244.3 thousand people were hired by enterprises. 258.8 thousand people dropped out for various reasons. Worked by one employee 457.5 hours.

At the end of the II quarter of 2023, 54.5 thousand vacancies were not filled at enterprises (1.4% of the number of employees).

The number of employees at enterprises and organizations for the II quarter of 2023

The number of unemployed, determined according to the methodology of the ILO, in the II quarter¹⁾ of 2023 amounted to 452.6 thousand people, the unemployment rate was 4.7%.

The employed population²⁾ amounted to 9115.1 thousand people, including employees – 6945.8 thousand people, individual entrepreneurs – 1581.6 thousand people, persons engaged in private practice – 19.3 thousand people, individuals, who are founders (participants) of business partnerships and founders, shareholders (participants) of joint-stock companies, as well as members of production cooperatives – 19.2 thousand people, independent workers – 549.2 thousand people.

Statistics of building and housing construction

In January-August 2023, the volume of construction work (services) amounted to 3521,8 billion tenge.

The largest amount of work in January-August 2023 was performed on the construction of facilities (1606.2 billion tenge), non-residential buildings (1356.4 billion tenge), and residential buildings (559.2 billion tenge).

The volume of construction and installation work in January-August 2023 compared to January-August 2022 increased by 10.1 and amounted to 2991.3 billion tenge. The volume of construction work on capital repairs increased by 39.6% compared to the corresponding period last year, while on current repairs it increased by 1.5%.

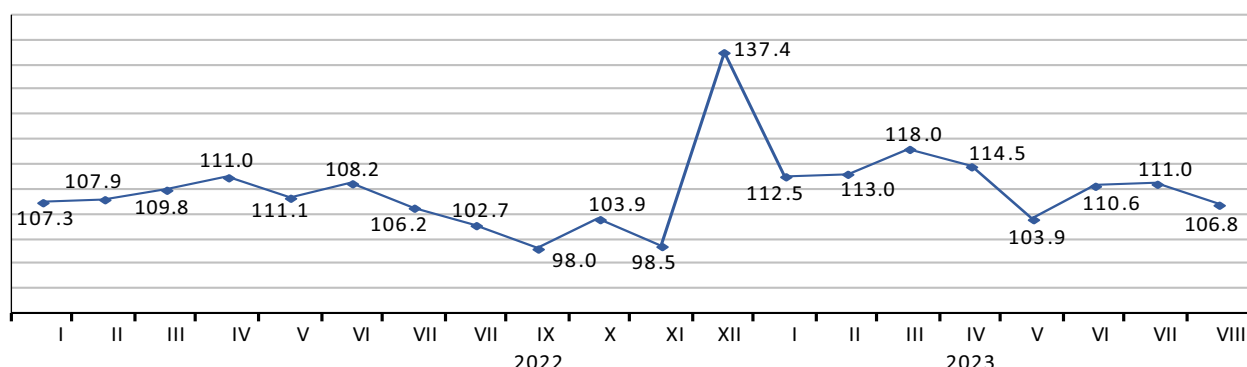

In January-August 2023, the construction of 23970 new buildings was completed, of which 22631 are residential and 1339 are non-residential.

The following social and cultural facilities were put into operation:

- secondary school - 33;
- preschool organizations - 19;
- hospital – 1;
- outpatient organizations - 13.

Indices of physical volume of construction

as a percentage of the corresponding month of the previous year

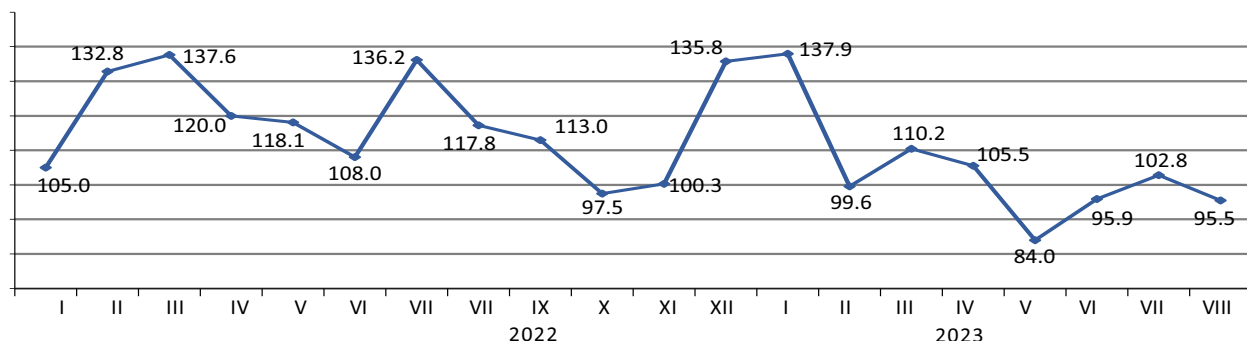

In January-August 2023, 1741.7 billion tenge was allocated for housing construction. In the total volume of investments in fixed capital, the share of disbursed funds in housing construction amounted to 18%.

The main source of financing for housing construction in January-August 2023 is the own funds of developers, the share of which is 88%.

Indices of physical volume of investments in housing construction

as a percentage of the corresponding month of the previous year

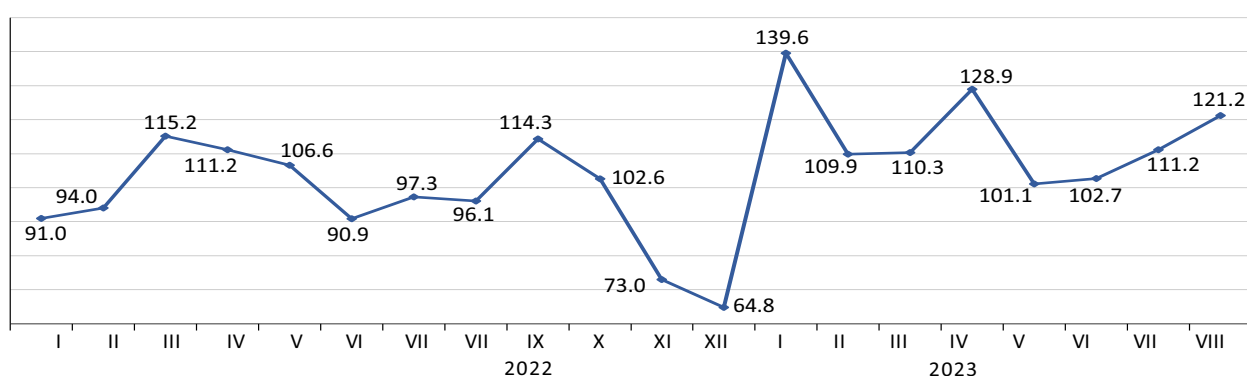

In January-August 2023, the total area of housing put into operation increased by 13% and amounted to 9999.3 thousand square meters, of which in multi-apartment buildings - by 24% (5867.2 thousand square meters), individual houses - by 0.4% (4076 thousand square meters).

In the total volume of commissioned housing, the share of multi-apartment buildings was 58.7%, individual - 40.8%. The average actual cost of construction of 1 square meter of total housing area increased by 19.9%.

Indices of the physical volume of commissioned residential buildings

as a percentage of the corresponding month of the previous year

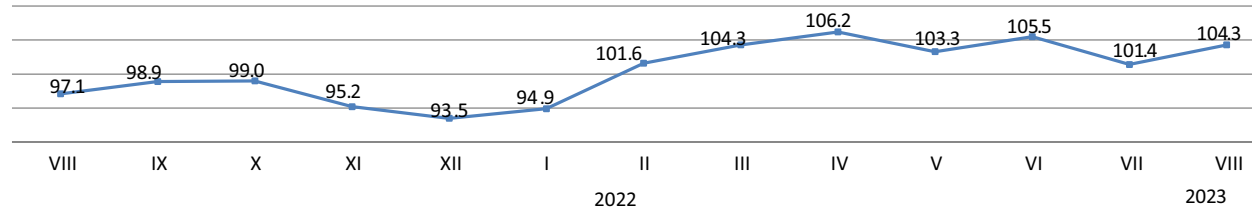

Statistics of transport

Cargo turnover

Cargo turnover for January-August 2023 decreased by 2.6% from the level of the corresponding period of the previous year. In January-August 2023, compared to January-August 2022, there is a increase in the turnover of railway transport (by 5.1%).

as a percentage of the corresponding month of the previous year
