5. Methodology for assessing the quality of official statistical information, approved by the Order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated May 23, 2018 No. 63

S.13 Quality management

S.13.1 Quality assurance

The quality and reliability of structural statistics is supported by generally accepted procedures:

- - compliance with the basic principles of primary accounting;
- - use of standard statistical classifications;
- - at the stages of collection and processing of primary data, all control schemes (format-logical, arithmetic) have been developed and implemented;
- - to confirm the reliability of primary data, the possibility of obtaining additional information from respondents is legislatively enshrined;

S.13.2 Quality control

The national financial reporting standard was developed on the basis of the International Financial Reporting Standard.

S.14 Relevance

S.14.1 Needs

The main indicators of the financial and economic activities of large and medium-sized enterprises are used in the calculations of the system of national accounts, calculations of intermediate consumption for the system of national accounts, assessment of the contribution of large and medium-sized businesses to the country's economy, monitoring of target indicators of government programs.

S.14.2 User satisfaction

The Bureau annually conducts a survey of users of official statistical information according to the questionnaire Q-002 "User survey".

S.14.3 Completeness / R1. Data completeness-share

The completeness of the data on financial and economic activity complies with the special data dissemination standards (SDDS) of the IMF.

S.15 Accuracy and reliability (to be filled in according to the type of observation) S.15.1 Overall accuracy

Continuous examination

S.15.2 Sample errors - indicators / A1.
unacceptable

S.15.3 Non-sampling error
unacceptable

S.15.3.1 Coverage error
unacceptable

S.15.3.1.1 A2. Overcoverage-share

S.15.3.1.2 A3. Common units-ratio

S.15.3.3 No response errors

S.15.3.3.1 A4. Absence unit-fraction

S.15.3.3.2 A5. No response-share clause

S.16 Timeliness and punctuality

S.16.1 Timeliness

S.16.1.1 TP1 Waiting period - first results

The first results in the bulletin are published 85 days after the reporting period.

Release dates approved and published in the Statistical Work Plan and the Schedule for the Dissemination of Official Statistical Information

S.16.1.2 TP2.Waiting Period - Latest Results

The first results are final.

S.16.2 Punctuality
