Arriving, departing citizens of the Republic of Kazakhstan, foreigners and stateless persons for permanent residence apply for registration or deregistration at the regional, city departments of the migration service of the Ministry of Internal Affairs of the Republic of Kazakhstan. When registering or deregistering, employees of the migration service draw up statistical registration coupons designed specifically for statistics bodies. These statistical standards are submitted to the regional and city statistics departments on a monthly basis in a timely manner. Regional and city departments of statistics, in turn, check the correctness of filling in the statistical standards, in case of errors or incompleteness of information, they are returned for replenishment. Then statistical standards are transferred to the regional departments of statistics, where the data is encoded according to the reference data, entered into the electronic database, and checked for logical and arithmetic control. After that, the formed databases on migration of the population are transferred to the ITC of the Committee, where logical and arithmetic control is carried out at the republican level, editing, processing of data and the release of tables according to the plan of statistical work for the current year. Then the generated tables are transferred to the Bureau of national statistics, where the analysis, approval and dissemination of information is carried out.
