S. 2 Introduction-Relevance

The basis for the formation of statistics of services is the statistical report of service enterprises, one of which is the form "Report on leasing activities" (code 201112120, index 1-leasing, annual frequency).

The main users are ministries, local executive bodies and other departments, individuals and legal entities.

The Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan holds meetings of working groups (focus groups), with the participation of potential users and respondents, representatives of interested government agencies, as well as NPP "Atameken", which analyze in detail indicators of national statistical forms for their relevance and avoidance of duplication with indicators of departmental statistical forms and forms of administrative data. Feedback from users is carried out through the blog of the Minister of National Economy of the Republic of Kazakhstan on the website of the Ministry of National Economy of the Republic of Kazakhstan (www.economy.gov.kz).

S.3.2 Latest placement of metadata

S.3.3 Latest metadata update

S.4 Presentation of statistical information

S.4.1 Data description

Financial leasing is a type of investment activity in which the lessor undertakes to transfer the leased item acquired from the seller and stipulated by the lease agreement to the lessee for a specified fee and under certain conditions for temporary possession and use for a period of more than one year. In this case, the transfer of the leased asset under the lease agreement must meet one or more of the following conditions:

- 1) the transfer of the leased asset to the lessee and (or) the granting of the right to the lessee to acquire the leased asset at a fixed price are determined by the lease agreement;
- 2) the lease term exceeds 75 percent of the useful life of the leased asset;
- 3) the current (discounted) value of lease payments for the entire lease term exceeds 90 percent of the value of the leased asset being transferred.

S.4.2 Classification system

During the survey, the following statistical classifiers are used:

- 1) KATO - Classifier of administrative-territorial objects;
- 2) OKED - General classifier of economic activities;
- 3) KFS - Classifier of forms and types of ownership;
- 4) KRP - Classifier of the dimension of legal entities;
- 5) CSE - Classifier of sectors of the economy.

These classifiers are posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan www.stat.gov.kz on the main page in the section "Official statistical information (by industry)" - Classifiers.

S.4.3 Sectoral coverage

They are represented by legal entities and (or) their structural and separate divisions, regardless of size, with the main activity in the field of leasing, according to the codes for the Nomenclature of Economic Activities 64.91.1, 64.91.2, 77.11.2, 77.12.2, 77.31. 2, 77.32.2, 77.33.2, 77.33.9, 77.34.2, 77.35.2, 77.39.2, 77.40.0

S.4.4 Statistical concepts and definitions

- 1) The basis for the formation of indicators for statistics of services is the Methodology for the formation of indicators for the formation of indicators for statistics of commercial services, approved by the order of the Acting Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated February 9, 2016 No. 32, registered with the Ministry of Justice of the Republic of Kazakhstan on March 5, 2016 No. 13408;
- 2) The circle of respondents: legal entities and (or) their structural and separate divisions, regardless of size, with the main activity in the field of leasing, according to the codes for the Nomenclature of Economic Activities 64.91.1, 64.91.2, 77.11.2, 77.12. 2, 77.31.2, 77.32.2, 77.33.2, 77.33.9, 77.34.2, 77.35.2, 77.39.2, 77.40.0;
- 3) Toolkit: statistical form of national statistical observation "Report on leasing activities" (code 201112120, index 1-leasing, annual frequency);
- 4) Observation type: solid;
- 5) Submission deadline: March 30 (inclusive) after the reporting period.

The submission of this statistical form is carried out on paper or electronically. Filling out the statistical form in electronic form is carried out through the information system "Data collection in on-line mode" posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan (www.stat.gov.kz). The last revision of the forms was in 2017, the statistical form was posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan (www.stat.gov.kz) in the section For respondents - Statistical forms for 2019 year - Yearly forms.

S.4.5 Statistical object

They are represented by legal entities and (or) their structural and separate divisions, regardless of size, with the main activity in the field of leasing, according to the codes for the Nomenclature of Economic Activities 64.91.1, 64.91.2, 77.11.2, 77.12.2, 77.31. 2, 77.32.2, 77.33.2, 77.33.9, 77.34.2, 77.35.2, 77.39.2, 77.40.0

S.4.6 General population (principle of selection of survey units)

Continuous examination

S.4.7 Territorial coverage

Republic of Kazakhstan (all regions, cities of republican significance and the capital).

S.4.8 Time coverage

The survey has been conducted since 2014 on an annual basis. There are time series for 2013-2018.

S.4.9 Base period

The base period is the year preceding the survey year.

S.5 Unit of measurement

Unit

S.6 Reporting period

year

S.7 Legal basis

S.7.1 Legal framework

1. Law of the Republic of Kazakhstan dated March 19, 2010 No. 257-IV "On state statistics";
2. Rules for the provision of primary statistical data by respondents, approved by order of the Chairman of the Agency of the Republic of Kazakhstan on statistics dated July 9, 2010 No. 173;
3. Rules for the submission of administrative data by administrative sources on a gratuitous basis, approved by the Acting order of the Chairman of the Agency of the Republic of Kazakhstan on statistics dated July 14, 2010 No. 183;
4. The plan of statistical work, approved in accordance with the established legislative procedure of the Republic of Kazakhstan by the Order of the Minister of National Economy of the Republic of Kazakhstan;
5. Schedule for the dissemination of official statistical information, approved by the Order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan;
6. Rules for the provision of statistical information on a gratuitous basis that is not provided for by the schedule for the dissemination of official statistical information and developed on the basis of primary statistical data submitted by respondents in accordance with the schedule for submitting primary statistical data by respondents, approved by order of the Chairman of the Agency of the Republic of Kazakhstan on Statistics of May 20, 2010 # 113;
7. Rules for the provision and use for scientific purposes of databases in a de-identified form, approved by the Order of the Minister of National Economy of the Republic of Kazakhstan dated December 18, 2015 No. 778;

8. The methodology for the formation of indicators on the statistics of commercial services was approved by the order of the Acting Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated February 9, 2016 No. 32. Registered with the Ministry of Justice of the Republic of Kazakhstan on March 5, 2016 No. 13408

S.8 Privacy and data protection

S.8.1 Privacy Policy

1. Article 8 of the Law of the Republic of Kazakhstan dated March 19, 2010 "On State Statistics", in accordance with which a guarantee of confidentiality and protection of the submitted data by respondents is ensured;
2. Article 28 of the Entrepreneurial Code of the Republic of Kazakhstan dated October 29, 2015 ensures the protection of information constituting a commercial secret;
3. Information security policy (hereinafter referred to as the Policy) approved by the Order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated October 31, 2016 No. 252 defines the goals, objectives, guidelines and practical techniques in the field of ensuring information security of the Committee. The main goal of the Policy is to ensure the availability of official statistical information, confidentiality of information stored and processed on the computer equipment of the Committee under the conditions of its integrity and authenticity.

T. 8.2 Confidentiality - data handling

S.9 Publication Policy S.9.1

Publication Calendar

Clause 1, Clause 2 Article 26 of the Law of the Republic of Kazakhstan "On State Statistics" dated March 19, 2010 No. 257.

The schedule for the dissemination of official statistical information is posted on the website of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan www.stat.gov.kz in the section "Home" // "Basic documents".

S.9.2 Access to the Graph

The schedule for the dissemination of official statistical information is posted on the website of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan www.stat.gov.kz in the section "Home" // "Basic documents".

S.11.2 Publications

- 1) Statistical bulletin “On leasing activity in the Republic of Kazakhstan”, posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan in the section Official statistics - By industry - Service statistics - Statistics - Bulletins;
- 2) Statistical collection "Services in the Republic of Kazakhstan", posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan in the section Official statistics - Publications - Statistical collections;

Key indicators and spreadsheets are available on the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan Internet resource under Official Statistics - By Industry - Service Statistics.

S.11.3 Databases in on-line mode

Placed in the Taldau Information and Analytical System - Statistics Sections - Services Statistics.

S.11.3.1 AC1. Data tables-consultation

Not implemented.

S.11.4 Microdata access

The rules for the provision and use of databases in a de-identified form for scientific purposes, approved by the Order of the Minister of National Economy of the Republic of Kazakhstan dated December 18, 2015 No. 778.

S.11.5 Other

S.11.5.1 AC2. Metadata consultation

Not implemented

S.12 Availability of Documentation

S.12.1 Methodology documentation

- 1) "Methodology for the formation of indicators on statistics of commercial services", approved by the order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated February 9, 2016 No. 32. Registered with the Ministry of Justice of the Republic of Kazakhstan on March 5, 2016 year No. 13408. Posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan www.stat.gov.kz in the "Methodology" section - Service statistics;
- 2) "Methodological regulation on statistics 2018" fourth edition, supplemented. Posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan www.stat.gov.kz in the "Methodology" section.

T. 12.2 Quality documentation

1. Policy in the field of quality, approved by the order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated April 23, 2015 No. 67.

2. Objectives in the field of quality Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan, Objectives in the field of quality of the relevant structural unit.

3. Documented information of the quality management system: Quality manual;

Documented procedures;

Instructions;

Process maps.

4. Standard methodology for describing the process of production of statistical information by state bodies, approved by the Order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated March 30, 2015 No. 53;

5. Methodology for assessing the quality of official statistical information, approved by the Order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated May 23, 2018 No. 63.

S.13 Quality management

S.13.1 Quality assurance

The quality and reliability of service statistics data is supported by generally accepted procedures:

- compliance with the basic principles of primary accounting;
- at the stages of collection and processing of primary data, all control schemes (format-logical, arithmetic) have been developed and implemented;
- to confirm the reliability of primary data, the possibility of obtaining additional information from respondents is legally enshrined.

S.13.2 Quality control

The results of the survey on leasing services in terms of accuracy and reliability can be rated as good.

S.14 Relevance

S.14.1 Needs

Ministries, local executive bodies and other departments, individuals and legal entities.

S.14.2 User satisfaction

An annual survey of users of official statistical information is carried out according to the questionnaire Q-002 "Survey of users".

S.14.3 Completeness / R1. Data completeness-share

-

S.15 Accuracy and reliability (to be completed according to the type of observation)

S.15.1 Overall accuracy

The National Survey on Service Statistics is designed in such a way that possible errors can be minimized and controlled. Nevertheless, when conducting a survey, inaccuracies are possible, called random errors in statistics, even if the survey was carried out with the greatest care. Such errors are identified and corrected by the regional departments of statistics and the Bureau of national statistics in the course of statistical observation.

S.15.2 Sample errors - indicators / A1.

Unacceptably.

S.15.3 Non-sampling error

Unacceptably.

S.15.3.1 Coverage error

Unacceptably.

S.15.3.1.1 A2. Overcoverage-share

Unacceptably.

S.15.3.1.2 A3. Common units-ratio

S.15.3.3 No response errors

S.15.3.3.1 A4. Absence unit-fraction

Unacceptably.

S.15.3.3.2 A5. No response-share clause

Unacceptably.

S.16 Timeliness and punctuality

S.16.1 Timeliness

S.16.1.1 TP1 Waiting period - first results

The results in the bulletins are published according to the Statistical Work Plan approved on an annual basis.

S.16.1.2 TP2. Waiting Period - Latest Results

The results are final.

S.16.2 Punctuality

S.16.2.1 Punctuality / TP3

The data are published in accordance with the Statistical Work Plan and the Schedule for the Dissemination of Official Statistical Information, approved on an annual basis.

S.17 Comparability

S.17.1 Geographic comparability

The data is comparable across regions.

S.17.1.1 Asymmetry in mirror flow statistics-coefficient / CC1

Unacceptably.

S.17.2 Length of comparable time series / CC2

It has been held since 2014 on an annual basis. There are time series for 2013-2018.

S.18 Consistency

S.18.1 Consistency, external, cross

The methodology for the formation of indicators for commercial services was developed in accordance with international recommendations (Federal Republic of Germany and the Kingdom of Denmark), obtained within the framework of the KAZSTAT Project (Project on Strengthening the National Statistical System) and Eurostat standards.

S.18.2 Internal consistency

The methodology for the formation of indicators of commercial services was approved by order of the Chairman of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan dated February 9, 2016 No. 32, registered with the Ministry of Justice of the Republic of Kazakhstan on March 5, 2016 No. 13408, agreed with all structural divisions of the Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan.

S.19 Load

Data collection is carried out electronically and on paper at the request of the respondent.

When collecting data online, the respondent is provided with automated arithmetic and logical controls, excluding the possibility of typical input errors. Information processing processes are automated using local software systems, control of input and output information is provided.

The average time spent on filling out the form is 1-2 hours.

Duplication with other examinations is excluded.

S.20 Revision of data

S.20.2 Revision of data / A6

Unacceptably.

S.21 Processing of statistical data

S.21.1 Input data

Statistical information on statistics of services is formed on the basis of primary reports of respondents in the form 1-leasing "Report on leasing activities".

S.21.2 Inspection frequency

year

S.21.3 Method (method) of collecting primary statistical data

According to service statistics, the provision of a statistical form is carried out on paper or in electronic form. Filling in the statistical form in electronic form is carried out through the information system "Data collection in on-line mode" posted on the Internet resource Bureau of national statistics of the Agency for strategic planning and reforms of the Republic of Kazakhstan (www.stat.gov.kz).

S.21.4 Reliability of primary statistical data

In order to improve the quality of data, check the correctness of filling out the statistical form and minimize the lack of answers on some questions of the statistical form, plausibility checks are defined at the level of input of primary data in electronic format, and various format-logical controls are also included in the software for processing primary statistical information.

S.21.5 Imputation - share / A7

Unacceptably.

S.21.6 Correction

Correction of data is carried out directly in the course of statistical observation.

S.21.6.1 Seasonal adjustment

Unacceptably.

S.22 Notes

In the future, continue to work to ensure data quality.
