Symbols:

-- there is no phenomenon  
0.0 is an insignificant value

In individual cases, the slight differences between the sum of the sum and the sum of the inclusions are explained by the rounding of the data.

## Preface

The statistical collection «Housing characteristics of the population in the Republic of Kazakhstan» reflects information on the types, landscaping and form of ownership of residential premises, construction periods and the size of the total area of occupied premises, in the whole country and regions.

The statistical collection is intended for senior management personnel, employees of management bodies and financial and economic services of enterprises, organizations, scientific, entrepreneurial and banking circles, teaching staff, graduate students and students of economic universities, for a wide range of readers who need to receive objective and complete information on the results of the national population census of 2021 in the Republic of Kazakhstan.

The statistical collection was prepared by specialists of the Department of Agricultural Statistics and National Censuses of the Bureau of National Statistics of the Agency for Strategic Planning and Reforms of the Republic of Kazakhstan and the Republican State Enterprise on the right of economic management «Information and Computing Center of the Bureau of National Statistics of the Agency for Strategic Planning and Reforms of the Republic of Kazakhstan».

## Content

1. Number of households by size and type of occupied premises .....	5
2. Population (by gender) by type of occupied premises .....	8
3. Number of households by size, type of premises and number of rooms occupied .....	10
4. Number of households by type of premises and period of construction of buildings .....	15
5. Number of households by type of premises occupied and by type of improvement .....	17
6. Number of households by type of ownership and type of occupied premises .....	23
7. Population by type of ownership and type of premises occupied .....	26
8. Number of households by size and form of ownership of occupied premises .....	29
9. Number of households by type and size of total occupied premises.....	31
