

Information-analytical system «Taldau»

Committee publishes data in IAS Taldau in order to meet the needs of the population in the statistical information.

The system is implemented to provide the population, state bodies, enterprises and organizations with all relevant statistical information on the statistical indicators in a convenient interactive mode.

Features and benefits IAS «Taldau»:

- representation of data in a variety of tabular, graphical and map types and split;
- provision of tools for statistical analysis (comparison of data by regions and classifications, building a dynamic series and correlation analysis);

- provide tools for data analysis;
- upload the selected data or the results of the analysis are available in common data formats (excel, pdf);
- search by keyword and by element's name of classification.

IAS «Taldau» includes the following modules:

«Personal account» – each user has an opportunity to create the “Personal account”, where he will be able to create his own tables, graphs, diagrams, and keep it on his own personal page.

«Indicators search» – includes a quick search of indicator by keyword and prompt search by element's name of classification.

«Analytics» – allows users to conduct their own comparative analysis by necessary indicators, and also to use the types of analysis inherent in the system.

«Sections of Statistics» – contains information by the selected field of statistics.

«Constructor» – allows user to build their own chart of statistical indicators loaded in IAS.

«Regions» – include a full statistical information on each of the 16 regions of Kazakhstan on main statistical indicators.

The IAS «Taldau» has more than 3000 statistical indicators, which are updated on a regular basis, since 2000 annually, since 2011 monthly and quarterly, which are displayed in dynamics for a number of years.

You can view all statistical indicators of IAS «Taldau» by clicking on the Internet resource of the Committee www.stat.gov.kz.

e-Statistics for user

Integrated Information System «e-Statistics» is a complete automation of the processes of statistical activities, including the possibility of receiving statistical forms online, storage and processing of statistical data, viewing and analysis of statistical information

IIS «e-Statistics» includes the following information systems:

- Internet resource of the Committee;
- On-line data collection;
- Information-analytical system;
- Internal Intranet portal;
- Storage of primary statistical data;
- Processing of primary statistical and administrative information;
- Database of aggregates data;
- Classifiers and standards;
- Metadata;
- Statistical Population Register;
- Statistical Business Register;
- Statistical Register of housing stock;
- Agricultural statistical register;
- Database of administrative information;
- Integration component.

IIS «On-line data collection» was developed in order to reduce the burden on respondents. Respondents can submit their records remaining at the workplace, using electronic digital signature of the National Certification Authority over the Internet resource of the Committee www.stat.gov.kz or <https://cabinet.stat.gov.kz>.

The screenshot shows the 'Жүгірту' (Reporting) section of the IIS. It includes a navigation menu, a search bar, and a table for entering data. The table has columns for 'Атауы' (Name), 'Кезеңіңіз' (Period), 'Басталуы күні' (Start date), and 'Соңғы күні' (End date). Below the table is a calendar for the month of July 2018.

Атауы	Кезеңіңіз	Басталуы күні	Соңғы күні
140M	Ай	10.07.2018	20.07.2018

Advantages of the «Respondent's Office»:

- no need to import an electronic digital signature into the browser used;
- authorization and signature of reports with the possibility of using e-token, kaztoken devices, electronic digital signature on the identity card and so on;
- delivery of statistical forms in electronic form in the online mode;
- submission of a certificate of absence of activities;
- viewing the list of statistical forms (slider) for submission to statistical bodies without authorization with the possibility to enter the respondent's BIN / IIN;
- printout of the report and notification for previous periods;
- viewing the history of delivery of reports;
- view and print out the list of debts by statistical forms, if available;
- change of contact data and type of economic activity.

The screenshot shows the 'Жүгірту' (Reporting) section of the IIS. It displays a table with columns for 'Кезең', 'Нәсан', 'Кезеңіңіз', 'Талпару мерзімі', 'Толтыру мерзімі', 'Басталады', 'Аяқталды', 'Есеп нәтижесі', and 'Берегін өріс немі'. The table contains data for various reporting periods from 2018 to 2019.

Кезең	Нәсан	Кезеңіңіз	Талпару мерзімі	Толтыру мерзімі	Басталады	Аяқталды	Есеп нәтижесі	Берегін өріс немі

Internet Resource of the Committee www.stat.gov.kz – is one of the priority components of IIS «e-Statistics» and is the most important channel of dissemination of statistical information where there is always relevant and reliable statistics.

The screenshot shows the main page of the IIS «e-Statistics». It features a navigation menu, a search bar, and several sections including 'The official statistical information', 'News of the Committee', 'It's interesting...', 'Latest data', and 'Main socio-economic indicators'. The page is in Russian and includes logos for the Ministry of National Economy and the Committee on Statistics.

The interactive module of «The population counter» was implemented on the official website of the Committee. This module provides the user with information on the number of the population of the Republic of Kazakhstan for the beginning of the calendar year as well as on a certain date.

The screenshot shows the 'Population Counter' module. It displays population statistics for the beginning of 2018 and to date. The statistics include the total population, men, and women, as well as demographic events (DE) since the beginning of the current days.

At the beginning of 2018 year	To date - 24.08.2018 9:13:41
18 157 078	18 309 005
Men: 8 790 954	Men: 8 867 397
Women: 9 366 124	Women: 9 441 608
